# Cybersecurity Recommended Practices for Logistics and Distribution Companies

December 5, 2024

The information herein has been provided by CliftonLarsonAllen LLP for general information purposes only. The presentation and related materials, if any, do not implicate any client, advisory, fiduciary, or professional relationship between you and CliftonLarsonAllen LLP and neither CliftonLarsonAllen LLP nor any other person or entity is, in connection with the presentation and/or materials, engaged in rendering auditing, accounting, tax, legal, medical, investment, advisory, consulting, or any other professional service or advice. Neither the presentation nor the materials, if any, should be considered a substitute for your independent investigation and your sound technical business judgment. You or your entity, if applicable, should consult with a professional advisor familiar with your particular factual situation for advice or service concerning any specific matters.

CliftonLarsonAllen LLP is not licensed to practice law, nor does it practice law. The presentation and materials, if any, are for general guidance purposes and not a substitute for compliance obligations. The presentation and/or materials may not be applicable to, or suitable for, your specific circumstances or needs, and may require consultation with counsel, consultants, or advisors if any action is to be contemplated. You should contact your CliftonLarsonAllen LLP or other professional prior to taking any action based upon the information in the presentation or materials provided. CliftonLarsonAllen LLP assumes no obligation to inform you of any changes in laws or other factors that could affect the information contained herein.

# Today's Presenters

**Craig Ritsema**

Digital Growth Director  
Indianapolis, IN

# Agenda

---

What are digital services at CLA?

---

Current theft and cyber issues prevalent to logistics and distribution

---

What threats to look out for

---

How to get started

# Digital Helps Businesses in Three Ways

## Software Integration

Inhouse products and resale solutions allow businesses to leverage off-the-shelf value.

## Data and Automation

Every business relies on data insights to make accurate informed decisions.

## Cyber Security

Evaluating and implementing cyber security improvements for businesses.

## Polling Question

Does your organization have a digital roadmap or strategy in place?

- Yes, we have one built out and are actively pursuing it
- Yes, but no action on it yet
- No, we do not
- I am not sure if we have a digital roadmap

# Current Theft/Cyber Challenges in Logistics and Distribution

CHALLENGE

	DESCRIPTION
<b>Phishing attacks</b>	Send false emails to employees to gain insight or deploy software attacks.
<b>Ransomware</b>	Attackers encrypt the company's data and demand a ransom to restore access.
<b>Supply chain attacks</b>	Cybercriminals target less secure elements within the supply chain to gain access to the main company's network.
<b>Social engineering</b>	Manipulate employees into divulging confidential information or performing actions that compromise security.
<b>Man-in-the-middle attacks</b>	Intercept and alter communications or information between two parties.

## Polling Question

Has your company every had a  
cyber attack?

- Yes
- No
- Unsure

# CLA Cybersecurity Helps Clients

## Governance, Risk, and Compliance

Risk assessments  
IT controls assessments (NIST, CIS, etc.)  
Policy development  
Compliance assessments (PCI, GLBA, HIPAA, etc.)

## Security Testing

Penetration testing  
Vulnerability assessments  
Social engineering (phishing, phone calls)  
Computer forensics

## Polling Question

Does your organization have a cybersecurity plan in place?

- Yes
- No
- Unsure

# Cyber Readiness Assessment

CLA's Cyber Readiness Assessment helps our clients start their security journey by assessing their current state risk posture and designs a roadmap to help them achieve their future state security objectives.

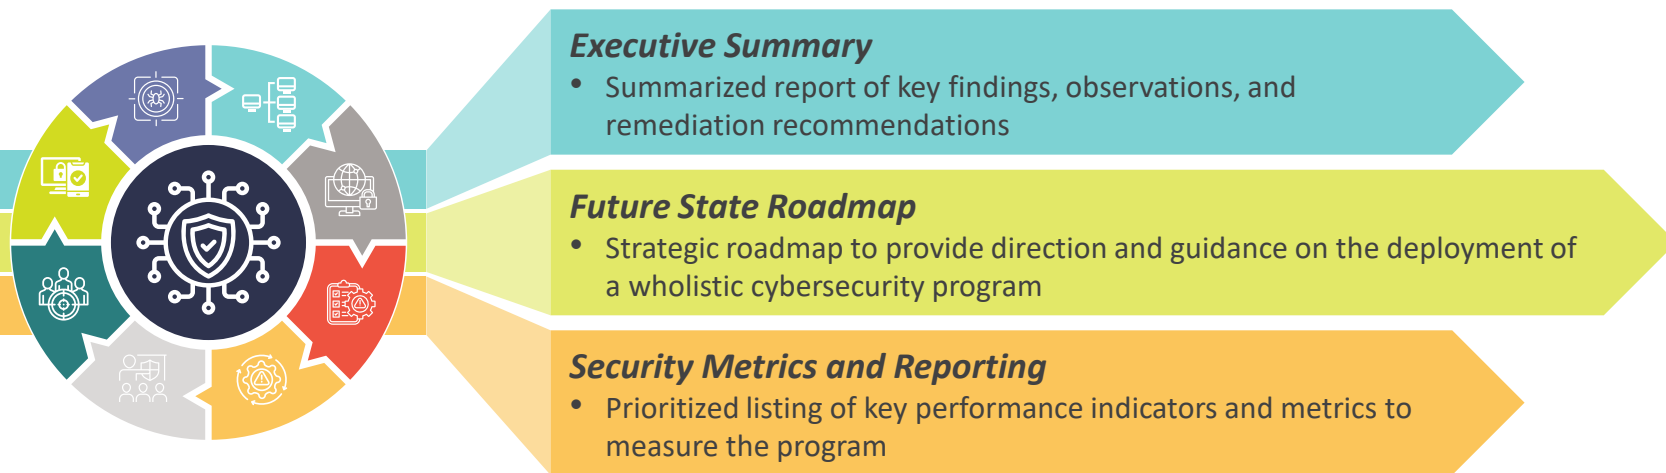

## Cyber Readiness Domains

1. Asset management
2. Network security
3. Risk management – internal and vendor
4. Disaster recovery and business continuity
5. Awareness and training
6. Identity access management
7. Endpoint protection
8. Vulnerability management

# Cyber Readiness Engagement Overview

CLA's Cyber Readiness Assessment is a scalable solution that produces three key deliverables to get our clients started with their cybersecurity journey.

## **Scoping Factors and Considerations**

- Size and complexity of the underlying environment
- Volume of materials and individuals to be reviewed

# *Thank you!*
